

THE IMPORTANCE OF LIFE-LONG LEARNING

Kids thrive on challenging, difficult, but **attainable goals**. The Orchestra provides them. In Orchestra, **absolute teamwork** is required. **Competence** provides opportunity for **leadership** within the group. In Orchestra, **split-second timing** and **concentrated cooperation** are developed, useful at any age. The **acquired skills** and **practice habits** learned within the Orchestra framework carry over into adulthood and foster **life-long learning**. **Get the Orchestra Advantage!**

You may not expect your child to become a concert musician. (Possibly, you may be surprised.) But the **joy** of actually **making music** ...along with the **discipline** Orchestra teaches, and the **teamwork** it demands...could be the most **valuable experience** of your child's life. Encourage Orchestra **active participation**. *Put music in your child's hands and set reasonable expectations!*

We at KINGMUSIC stand ready to serve you and your child's Orchestra Instrument and music needs. As you and your child begin this musical journey, be assured that we are your partners and your child's success is our number one priority. We are dedicated to "Making Music A Part Of Your Life!" Thank You.

KIDS WHO STUDY MUSIC DO BETTER IN SCHOOL AND IN LIFE!

When children join the Orchestra, they are learning more than just music. They are learning the **critical thinking skills** needed in today's work force. Children in Orchestra develop **higher cognitive skills**, and increased **ability to analyze and evaluate information**. They also learn about **teamwork** and the **conflict resolution skills** required for success in the modern workplace, while enjoying the **healthy, positive activity** of Orchestra with friends.

Children are social creatures, searching for acceptance and approval: "Watch me, Mom." or "Look what I can do, Dad." Sound familiar? We all have the desire to be "recognized" and the basic need to "belong" to something special. **Orchestra can teach your child how to play an instrument, but, more importantly, your child will gain greater pride in achievement, self-confidence, and self-awareness.**

Youngsters vibrate with un-channeled energy. Learning to play an Orchestra instrument gives that energy somewhere to go; it develops coordination, concentration, personal discipline, and attention to detail.
